

SAMVED TRADELINK

PREMIUM NATURAL AGRICULTURAL EXPORTS FROM INDIA

About Us

Samved Tradelink LLP

Rooted in the heart of India, Samved Tradelink is a trusted exporter of premium natural agricultural products. Our journey began with a simple vision: to share the bounty of Indian soil with the world. We specialise in sourcing and exporting high-quality organic produce, including Soapnut, Moringa, Amla, Sorghum, and traditional spices. We're committed to authenticity, sustainability, and ethical sourcing, and we ensure every product meets the highest international standards.

Soapnut

Nature's Cleaning Marvel

Soapnut, or Reetha, is a natural cleaning agent from the Sapindus tree in India. These berries contain saponin, a natural surfactant that creates effective cleansing foam. Sustainably harvested, our soapnuts provide a chemical-free option for eco-conscious consumers. They are biodegradable, hypoallergenic, and gentle on sensitive skin, making them ideal for laundry, personal care, and household cleaning.

Botanical Name

Sapindus mukorossi

15-22%

MOQ

100 KG OR Custom

Origin

INDIA

Packaging

25 KG / 50 KG PP Bag OR Custom

Sorghum

Ancient Grain, Modern Nutrition

Sorghum is one of the oldest cultivated grains, valued for its nutritional benefits and versatility. Our premium Indian sorghum is gluten-free, making it perfect for health-conscious consumers. It's rich in fibre, protein, and essential minerals, and it supports sustainable agriculture through its drought resistance. Sourced from dedicated farming communities in India, our sorghum meets high-quality standards for food and beverage applications.

Moringa

The Miracle Tree of India

Moringa oleifera, known as the "Miracle Tree," is one of the most nutrient-dense plants on earth. Our moringa powder is made from carefully dried and milled leaves sourced from farms in Gujarat and Tamil Nadu, India. Packed with vitamins, minerals, and essential amino acids, moringa is a powerful superfood and natural ingredient for health supplements, cosmetics, and functional foods.

Dried Rose Petals

Nature's Fragrant Treasure

Our dried rose petals are carefully handpicked from fresh Damask and Desi roses grown in the fertile fields of Rajasthan and Gujarat, India. Sun-dried using traditional methods to preserve natural colour, fragrance, and therapeutic properties. Rich in antioxidants and vitamin C, they are widely used in cosmetics, herbal teas, culinary applications, and Ayurvedic preparations.
